Quick Tips

For

Selecting a personal theme for your home page

Getting Started:
The Theme Selector allows you to select a different theme to change how your home page looks.

Theme Editor allows you to change fonts, colors, buttons, icons, etc.

To select a personal theme:

1. Log into Angel.
2. Click the Preferences icon located on the left power strip.
3. Click the Theme Selector hyperlink.
4. Select a theme from the Available Theme drop-down list.
5. Click the Apply button.
